## Uncontested Divorce Worksheet (For Couples Without Children)

If you and your spouse can agree to “all” terms of a divorce you can file an uncontested divorce. The first step is to complete this worksheet, listing the terms you and your spouse have agreed to.

You can complete this worksheet with your spouse or by yourself and have your spouse review it afterwards. Either way works. The important point is that your spouse has reviewed the terms on the worksheet and generally agrees with them. Email us at [pamela@pdhallfirm.com](mailto:pamela@pdhallfirm.com) if you have any questions.

# Dividing Assets

Louisiana is a community property state. This means any asset acquired during the marriage is typically divided evenly in a divorce. The name on the title or on the bank account is not significant. Your spouse's name can be on the home and the home could still be community property.
